

EVA'S INITIATIVES FOR HOMELESS YOUTH

ACCESSIBILITY PLAN

2021

Message from the Interim Executive Director

At Eva's, we believe in providing equity and integration for all young people, staff members and volunteers. We are committed to ensuring that persons with disabilities obtain equal opportunities and support in a timely manner. Eva's will continue to work to remove any accessibility barriers that may occur by following and meeting the requirements presented in the Accessibility for Ontarians with Disabilities Act (AODA) and Ontario Human Rights Code, in a manner that respects the dignity and independence of persons with disabilities. Our commitment to accessibility extends beyond the walls of our organization and into the community, through partnering with our funding agencies and other partners who work to improve the lives of people with disabilities.

Statement of Commitment

Eva's Initiatives is committed to creating a barrier free environment that is accessible to all stakeholders including our young people, employees, suppliers, and any visitors who may enter our premises, access our information, or use our services and that treats all members of the community with respect and dignity. As such, and in keeping with the accessibility requirements of the Accessibility for Ontarians with Disabilities Act (AODA) and the Ontario Human Rights Code, Eva's will strive to continuously improve the way in which we recognize and meet the needs of individuals with disabilities in our community, with a focus on independence, dignity, integration, and equality of opportunity so individuals may benefit from improved access to our services.

We are committed to ensuring our organization's compliance by incorporating accessibility legislation into our policies, procedures, equipment requirements, training, and best practices. We will review these policies and practices annually, as organizational changes occur, or in anticipation of compliance deadlines.

Eva's Initiative is committed to develop, implement and maintain policies that govern how the organization achieves or will achieve accessibility through meeting this Regulation. To facilitate this commitment, Eva's Initiative has established, maintained and documented a multi-year accessibility plan, that is reviewed and updated at least once every five years to identify progress made in addressing barriers and will be posted on Eva's website.

Eva's plans to review the Accessibility plan with the Board of Directors and distribute the plan throughout the organization by January 10, 2023.

Following distribution, Eva's will post the Accessibility plan to our website with information such as an email or link that allows for client and staff feedback.
